## Curbing Corruption

Practical Strategies for Sustainable Change

**Bertram I. Spector**

*Series: Routledge Corruption and Anti-Corruption Studies*

This book explains why many anti-corruption efforts have had only a minimal effect on curbing the problem of corruption, and shows readers works in the real world in the fight against corruption. Drawing on over 25 years of practical experience, this book identifies innovative tools that target the core human motivators of corruption, with descriptions of pilot tests that show how they can work in practice. Straddling theory and practice, this book is the perfect guide to what works and what doesn't, and will be valuable for policy-makers, NGOs, development practitioners, and corruption studies students and researchers.
